WHY DOES food waste MATTER?

SOCIAL INJUSTICE

1/3 of all food is wasted globally...

... yet **800 million** people worldwide go to sleep hungry - all the hungry people in the world could be fed with the food that Europe throws away

ENVIRONMENTAL DESTRUCTION

15 million tonnes of food is wasted in the UK every year...

...feeding all edible food waste to people would cut **20 million tonnes** of greenhouse gas emissions

ECONOMIC CONSEQUENCES

48% of food waste happens at a household level...

...by wasting less, the average family per year could save **£700**
